

product description:

clamps are designed for fixing the pipe installations on the base surface

pipes are installed by pushing between the clamp jaws

the clamps are equipped with fastening elements for placing next to each other to create continual row thereof as well as with grooves for installation in supporting trunkings of 5820/.. series

the connection can be made for clamps of different sizes

possibility to install in places with risk of flammable gases and vapor – danger zone 2

possibility to install in places with explosive risk of dust – danger zone 22

the black connectors are UV-stabilized

material: PC ABS

halogen-free: yes

color: light grey RAL 7035, black RAL 9003

self-snuffing: yes, within 30 s

temperature resistance: -45 - +90 °C

fire class for underlying material: A1-F

UV stable: light grey NO / black YES

classification code according to EN 61386-25: 2452410

mechanical protection according to EN 50102: IK09

certification: EN 61386-1 ed.2:09, EN 50102

storage: ČSN 64 0090
