

bracket for trapeze ceilings

item number: **DSOS 8** for threaded rod ZT 8
DSOS 10 for threaded rod ZT 10

product description: The DSOS bracket is used to install the threaded rod and attach it to trapezoidal sheets.

The DSOS includes an M8 or M10 regulating nut.

The DSOS 8 or DSOS 10 must be chosen depending on which threaded rod is used, the ZT 8 or ZT 10.

To fasten it to a trapezoidal ceiling the hanger is fitted with an M8x120 mm cross pin. The pin has a washer and nut on both ends.

The max. allowable load is 130 kg.
